PROFESSIONAL SUMMARY

Passionate and detail-oriented Web Developer with a Higher National Diploma in Computer Science (Distinction) and a strong track record of building, deploying, and maintaining responsive web applications. Experienced in both frontend and backend development, with expertise in PHP, Laravel, HTML5, CSS3, Tailwind CSS, and Alpine.js. Has delivered real-world web projects spanning healthcare, academic tools, and digital archiving — demonstrating the ability to translate user needs into clean, functional, and scalable web solutions. A fast learner, collaborative team player, and award-winning developer with a genuine passion for building things that work beautifully on the web.

CORE WEB DEVELOPMENT SKILLS

HTML5 & CSS3	PHP (Backend)	Laravel Framework	Tailwind CSS
Alpine.js	Responsive Design	MySQL / PostgreSQL	REST API Design
Git & GitHub	MongoDB	Flexbox & Grid	Full-Stack Dev

WORK EXPERIENCE

Web Developer Medical Consultation Platform (Backend)

2025

Medical Assistance and Doctor Consulting Site

- Designed and developed a full web platform enabling students to access healthcare consultations and doctor advice online.
- Built the server-side architecture using PHP and Laravel, handling user authentication, appointment booking, and data management.
- Implemented clean, responsive frontend views with HTML5, CSS3, and Tailwind CSS, ensuring a seamless experience across devices.
- Integrated database management with MySQL to store and retrieve consultation records securely.
- Managed the full development lifecycle from requirements gathering to deployment.

Web Developer Academic Writing Tool (Backend)

2025

Student Project Write-Up Aid

- Built a web-based tool that guides students through structuring and writing academic project documents.
- Developed the backend logic in Laravel to handle user input, session management, and dynamic content generation.

- Designed intuitive HTML/CSS interfaces with step-by-step form flows to simplify the writing process for students.
- Ensured the application was fully responsive and accessible on mobile and desktop browsers.

Full-Stack Web Developer (Digital Archive)

2024

Nigeria Digital Archive of Cultural and Ethnic Groups

- Contributed to building a full-stack web application documenting Nigeria's cultural and ethnic diversity.
- Developed frontend pages using HTML5, CSS3, and JavaScript for an engaging, informative user experience.
- Built and managed backend data pipelines in PHP, with PostgreSQL and MongoDB for structured and unstructured content storage.
- Used Git and GitHub for version control, code reviews, and collaborative development across the team.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, Tailwind CSS, Alpine.js, Flexbox, Grid, Responsive Design
Backend	PHP, Python, Laravel (Intermediate), Flask (Beginner)
Databases	MySQL, PostgreSQL, MongoDB, SQLite, Oracle
Version Control	Git, GitHub, GitLab, Bitbucket
Other	REST API integration, Mobile-first design, Web performance basics

EDUCATION

Higher National Diploma — Computer Science Distinction	2022 – 2024
Federal Polytechnic Ilaro Post: Software Director	
National Diploma — Computer Science Distinction	2019 – 2021
Federal Polytechnic Ilaro	

AWARDS & RECOGNITION

- Best Student — Computer Science Department, Federal Polytechnic Ilaro (2024)
- Best Developer of the Year (2024)
- Most Valuable Programmer (2023)
